### ABOUT THE ASSOCIATION

The Macquarie Ancient History Association, or MAHA as it is commonly referred to, was founded in 1978 to promote the study of ancient history at Macquarie University, within the broader community and to raise funds for this purpose.

Since then MAHA has grown into a diverse association which provides information on recent research, co-ordinates social events, lectures, HSC study days, and conferences, and facilitates the opportunity to exchange ideas. It also provides a meeting point for all ancient historians and enthusiasts within the university community itself and everyone with an interest in the subject in general.

### ADMINISTRATION

The Association is run by a committee whose members are both university employees and volunteers who are elected at the Association's Annual General Meeting usually held in December of each year.

All members are welcome and encouraged to attend meetings and to seek nomination for election to the committee. If you have an interest in becoming a Committee Member please contact the secretary for further information.

### FUNDING, DONATIONS & MEMBERSHIPS

MAHA is predominantly funded through membership contributions, events and lectures. To further support these areas MAHA seeks strong support from outside the university by means of donations. These donations fund research, lectures, conferences and grants for underprivileged students.
